RENEWAL OF DEBATE ON THE TREATY IS ASSURED

Republican Leaders Decide To Join Democrats in Move to Bring Treaty Back To Open Senate.

(By Associated Press.)

Washington, February 2. —A renewal of Senate debate on the peace treaty next week was regarded as virtually assured today when republican leaders decided to join with the democrats in a movement to bring the treaty back into the open Senate.

Senator Lodge, the republican leader, was to give notice today that he would move on next Monday to suspend the rules and proceed to consideration of the treaty.

The democrats already have announced that they would make a similar motion Tuesday of next week.

LODGE GIVES NOTICE

(By Associated Press.)

Washington, February 2. — This afternoon Republican Leader Lodge gave formal notice that the republicans would formally ask to bring the treaty up for debate next Monday. The development was regarded as practically assuring another long period of discussion.

In giving the notice to the Senate, Senator Lodge said he would first ask unanimous consent to proceed to consideration of the treaty with reservations.

In view of the notice given previously by democratic leaders that they would move to take the treaty up Tuesday of next week, it was predicted that little opposition would develop from any quarter.

Democratic and republican leaders are understood to be preparing reservations to offer as soon as the treaty again is before the Senate.

In some quarters, it was predicted, that many of the points at issue soon would be eliminated by an agreement on the basis of the work done by the informal bi-partisan compromise committee.

The possibility that open debate would facilitate agreement on Article Ten and the Monroe Doctrine, however, was regarded by many Senators as remote.

ANOTHER STEP IN THE GAS CASE

(By Associated Press.)

Washington, February 2. — On motion of A. L. Well, of Pittsburgh, the Supreme Court was today asked to appoint a special master to take testimony in original proceedings brought by Ohio and Pennsylvania to prevent West Virginia from enforcing a state law restricting the amount of natural gas that can be transported out of the latter state.

London, February 2. — Peace was definitely concluded this morning between Esthonia and the Russian soviet government, it is announced in a wireless dispatch from Moscow received this afternoon.

APPROVE LIST OF GERMANS TO BE EXTRADITED

(By Associated Press.)

Paris, February 2. — The list of German subjects whose extradition is demanded by the Allies was finally approved today by the Council of Ambassadors.

The council also approved the terms of the note to accompany the list. A drafting committee was charged with the drawing up of the note.

The list and the note will probably be handed to the head of the German peace delegation today.

THE REASON RIDDLE DOESN'T WANT JOB

(By Associated Press.)

Columbus, O., February 2. — Failure of the legislature to appropriate funds for opening new cottages at Orient and two at Gallipolis, where at least 500 feeble minded children could be cared for was reported today to be responsible for the action Saturday of H. S. Riddle in asking Governor Cox not to reappoint him a member of the State Board of Administration. His term as president of the board expired yesterday.

HINES WILL ANSWER THE RAILROADS ON TUESDAY

Definite and Final Reply To Demands Will Be Made By Director General—Nature of Answer Not Divulged.

(By Associated Press.)

Washington, February 2. — An answer to the wage demands of the two million railroad employees presented last July will be given tomorrow by Director General Hines at a conference with officers of the brotherhoods and other railroad unions.

There was no intimation as to what the government's attitude would be, but it was said today that the answer would be definite and final.

DEATH RATE FOR 1918 THE HIGHEST ON RECORD IN U.S.

Thirty-two Per Cent. of Grand Total Due to Pneumonia and Flu.

(By Associated Press.)

Washington, February 2. — The death rate in the United States for 1918 was the highest on record, according to the Census Bureau's annual mortality statistics issued today, which show 1,471,367 deaths for the year, representing a rate of eighteen per 1,000 population in the death registration area of 30 states and 27 cities having an estimated aggregate population of more than 81,000,000.

Of the total deaths, 477,467 or over 32 percent, were due to influenza and pneumonia.

DEMAND RELEASE OR DEPORTATION OF EXTREMISTS

(By Associated Press.)

New York, February 2. — A demand for the immediate deportation with their families of the extremists held at Ellis Island or their release in order to support their dependents will be made by a committee of the "American Women's Committee," which will go to Washington shortly. It was announced here.

The demand will be placed before the Departments of Justice and Labor, it was stated, in an effort to relieve "deplorable conditions," both on the island and among the families of the men held or deported on the "soviet ark" Buford.

TO CUT DOWN THE NATIONAL BANKS

Washington, February 1. — Drastic reduction in the number of national banks designated as government depositories is being made by the Treasury Department, with the result that less than 400 of the 1,331 such institutions holding federal funds on June 30, 1919, are expected to survive the pruning knife.

Changes in the government financial situation brought about by war's fiscal operation, it has said officially today, have made it necessary to abolish hundreds of the depositories.

NEWBERRY ELECTIONS CASE ON IN MICHIGAN

Assistant Attorney General Accuses Statesman and Frederick Cody of Designing To "Purchase Senatorship" for Mr. Newberry.

(By Associated Press.)

Grand Rapids, Mich., February 2. — [The fraudulent election conspiracy which the government charges against United States Senator Newberry and his co-defendants had its inception in New York in 1917, according to the opening statement which Assistant Attorney General Dailey made to the jury in United States District Court here today.

He named Senator Newberry and Frederick Cody, whom he described as "a legislative agent for large corporations, particularly the American Telephone and Telegraph Company, and the American Book Company," as the men who made the "preliminary arrangements." He added:

"They had determined to purchase the United States Senatorship in Michigan for Mr. Newberry."

HUNDREDS HEAR
HON. F. B. WILLIS
DENOUNCE REDS

Former Governor Addresses Big Audience at High School Auditorium.

Advocates Closing of Doors On Immigration For Ten Years.

Bolshevism, red radicalism, I. W. W. propaganda, and the leaders of any of the attendant movements, were denounced in no uncertain terms by ex-Governor Frank B. Willis Sunday afternoon when he spoke at the high school auditorium under the auspices of the Young Men's Christian Association on "Reverence for the Law."

Even with its great seating capacity the auditorium was taxed to hold the audience that was present to hear this vital topic discussed.

"Obedience to the law is liberty," declared the speaker in opening his talk "and there can be no liberty without organization and the law."

A number of illustrations where the law has been violated served to impress this point on the speaker's hearers.

Mr. Willis then took up for discussion the subject of immigration. He advocated closing the doors of immigration against all foreign peoples for the next ten years. "I am in favor of maintaining this as an American country," he said and the audience broke into prolonged applause.

In further discussion of immigration Mr. Willis said that in the last normal year before the war 1,200,000 immigrants had been received into this country. He spoke of the influence under which children of these people were reared and gave for example a so-called religious sect in New York City, where an investigation had revealed that the children were being taught radicalism. "There is room in this country but for one allegiance," was the verdict of the speaker.

Mr. Willis gave a full explanation of Bolshevism and what it stands for.

In sizing up the situation, Mr. Willis declared that he was not pessimistic about the question which he had discussed, but that it was time that the people be awakened to the dangers that might result.

WINTER GARDEN AT
CHILLI MAY CLOSE

The Winter Garden, a popular canteen that has been in operation during the past year or so in Chillicothe, is having a fight for its life.

The Chief of Police a few days ago, on order received from the industrial commission, sought to close it, but its managers, Kathe Brothers, appealed immediately to the courts and secured a temporary injunction. The matter will now be threshed out legally.

The closing is said to have been ordered because of alleged non-compliance of the cabaret management with changes directed by the state inspector of workshops and factories.

FORMER RESIDENT
DIES IN DAYTON

Friends in this city will regret to learn of the death of Mrs. Frank L. Smith, which occurred at her home in Dayton at eight o'clock Saturday night.

Mrs. Smith was formerly Miss Mary Osborn, and for several years previous to her marriage made her home with Mrs. T. K. Perdue, on Leesburg Avenue.

The body will be taken to Waverly Tuesday morning, where funeral services will be held at the home of her parents, Mr. and Mrs. John Osborn on Wednesday.

The body will not pass through this city but will be taken through Columbus.

\$800 PER ACRE
FROM TOBACCO

Those who knew that tobacco can be produced as well in parts of Fayette county as anywhere else in the country, will be interested in the following article from the Adams County Defender.

"S. H. Henize, of Meigs township finished delivering his crop of tobacco at the local warehouse this week.

"Mr. Henize is a tenant on the old Trickler farm, east of Peebles, owned by the Basse Produce Company, and last year he raised a crop of 4480 pounds of tobacco on 2 1/2 acres of land which he recently sold to a local buyer at an average of 50 cents per pound, netting him the neat sum of \$2240.00. This makes a crop value of more than \$800 per acre."

BRITISH GOV'T.
DOES NOT WANT
FURTHER LOANS

(By Associated Press)

Washington, February 2. — Positive assertion that the British Government does not plan to seek further loans in the United States, but on the contrary is desirous of reducing the obligations it already has incurred here, is included in a statement from London transmitted to Secretary Glass through R. C. Lindsay, British charge d'affaires and made public last night.

The statement also denies emphatically "repeated allegations in the press that the British Government desires to borrow large sums in the United States."

SAILING UNDER
FALSE COLORS

(By Associated Press)

London, February 2. — Bolshevik agents entrusted with messages regarding sensational widespread red plans have been for considerable time traveling between Berlin and soviet viett-russia on false credentials, it is stated in official quarters.

The credentials they carried are said to have described them as delegates of the American Red Cross mission in Berlin to conduct investigations regarding the exchange of German prisoners from Russia.

THIS MAN NOW
IS HEALTHIER
IN EVERY WAY

Nerves And Stomach in Good Condition---Strength Comes Back.

John R. Leaman, of 116 East Ninth street, Cincinnati, O., was so weak and run down that for a long time he couldn't do his work as a painter.

"But since I have been taking Volatonic I am stronger and my health is better in every way and, naturally, I am well pleased with this medicine," Mr. Leaman said.

"For years my stomach was out of order. My appetite was very poor and I always had pains in my stomach after eating and suffered a great deal."

"I was nervous, too, and couldn't sleep right or get the proper rest and I felt tired and worn out as a result. My kidneys have been out of order for a long time also and I have been troubled a great deal with pains in my back."

"I am stronger and healthier in every way since I have been taking Volatonic. I have only taken one bottle of Volatonic but my stomach is in much better condition and my nerves are back in good order, too. I sleep fine every night now and get up in mornings feeling refreshed and well rested. My kidneys are much improved, too, and the pains in my back are disappearing."

"I don't hesitate to recommend Volatonic to other people who are troubled as I was because it helped me in every way."

Volatonic strengthens and invigorates the entire system. It brings a good appetite, good digestion, good blood and good nerves and as a result good health and new strength come to the weakened, run down man or woman.

Volatonic, "Builder of Strength," is being specially introduced in Washington C. H. at Frank Christopher's.—Advt.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel, there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

What are You Going
to Do About Your
Battery?

Are you going to go serenely along continuing in the tranquil belief that your Battery is in fit condition to stand the strain of a season of motoring which is just a step ahead? Are you going to sit blithely in your car and step on the starter with the (assumed) satisfaction that the Battery has had the proper attention? Or are you going to cease this guess-work and learn more about your Battery for yourself, and then know about the attention it gets?

Being an average car owner, we believe you will KNOW what your Battery needs and will SEE that it gets it, rather than settle back feeling perfectly confident before investigation.

Battery Guesswork Eliminated

That's what we've accomplished. No more guess-work when your Battery is left with us. Even the matter of recharging, one of the, usually, minor attentions, is with us made an extremely important item of service. Our charging apparatus is positive, sure, safe and certain; without guess-work. So is our service in its entirety. You are invited to investigate.

The Cooper Starting Battery

is a replacement battery worthy of the consideration of any car owner. A model and type for all cars; all fully and adequately guaranteed to render satisfactory service. We recommend this battery.

BELIEVE SITUATION BETWEEN MOROCCO AND SPAIN TENSE

(By Associated Press)

Madrid, Spain, Saturday, January 31.—The Tribuna says that as a result of differences between the Moroccan authorities and the interpreter of the Spanish legation at Tangier, the belief prevails that relations between the local authorities and the Spanish minister have been broken off.

Reports that Spanish troops are about to engage in active operations in Morocco are denied by the Minister of War.

The Little Wonders Classifieds

REV. T. W. LOCKE FORMER LOCAL MINISTER DIES

Death Follows Attack of Uremic Poisoning After Protracted Illness—Body Will Be Brought Here For Burial.

Hundreds of people in this city and community were shocked to learn of the death of Rev. Thomas W. Locke, age 54, which occurred at 10:30 o'clock Sunday morning at his home, 158 South Eighteenth Street, Columbus. Death was due to uremic poisoning.

Dr. Locke was one of the most beloved pastors that ever filled the pulpit in this city, where he held the pastorate of Grace Methodist Church for five years. Coming here in September of 1907, Rev. Locke succeeded Rev. Arbuckle. After five years of faithful service he received another call and was succeeded by Rev. Ross in 1912.

During the last five years Rev. Locke served as superintendent of the Lancaster district of the Methodist Episcopal Church, but was forced to give up active work last November because of failing health. At times his condition slightly improved, and hope that he would recover was held out by his physicians. Uremic poison developed during the last few days and because of his weakened condition Rev. Locke was unable to rally against it.

Friends here remember Rev. Locke as a man of great leadership and administrative power. Twice Rev. Locke was elected as delegate to the general conference of the M. E. Church. He served in the 1916 conference and was delegate elect to the conference which convenes in May.

Surviving Rev. Locke are his wife Mrs. Anna Locke, and their three children, Gladys, Arthur and Thomas, all of Columbus, Mrs. Edwin H. Kirby, of Michsville, is a sister.

Funeral services were held Monday at 10:30 a. m. in First M. E. Church at Columbus and also will be held in this city Tuesday afternoon at 3:45 at Grace Methodist Church. The body will be temporarily placed in the vault of the local cemetery.

DEATH CLAIMS GEORGE SHEETS

The announcement of the death of Mr. George Sheets which occurred at 11:30 Monday morning, at his home on South Main street is causing wide spread sorrow throughout the Community. For the past ten days he has been ill with pneumonia his condition growing rapidly worse the last of the week since when little hope has been entertained for his recovery.

In his death Washington loses one of her most public spirited young men at 31 years of age.

Altho a resident of this city but a few years, Mr. Sheets had identified himself to an unusual degree with Washington's life in every way—its business, church, lodge and social activities.

Shortly after his marriage to Miss Lulu Kenkle, he moved from his life long home in Middletown to this city, where for the past four years he has been associated with his father-in-law in the cement and cement block business. His many sterling and likable qualities won for him immediate recognition, and friends in large number.

He was especially active in the work of the Y. M. C. A. and as chairman of the Boys' Department exceedingly popular in the organization.

He was also prominently identified with the First Presbyterian Church and a supporter of its various activities. His lodge affiliations were chiefly with the B. P. O. E. No. 129, and at the time of his death he held the office of Leading Knight. He purposed going into Masonic order, having already taken two degrees and was to have been given the Master Mason's degree on Tuesday night.

With all that he found time to give unreserved support to all the worth while measures of the community.

Mr. Sheets deepest interest centered in his home, an ideally happy one including his wife and two young sons. To this little circle so immeasurably bereaved goes out greatest sympathy, and also to the parents, Mr. and Mrs. D. H. Sheets, five brothers and one sister. Three of the brothers, Harry, Hobart and Mac, were here when the summons came and the other two, Arthur and Don, and the one sister, Mrs.

ennie Palmer with the parents will be here for the funeral services.

Mrs. Sheets has been quite ill, but is now convalescent.

Funeral services will be held Wednesday morning at 10:30 o'clock at Washington cemetery.

FATHER SETTLES; GIRLS TAKEN HOME

Estella and Bertha Crouse, aged 14 and 16, who have been under the surveillance of Miss Mary Robinson, Probation Officer, were taken to their home in Cincinnati Sunday by their father, Sam Crouse.

The girls had been held in this city, although no formal charges had been filed against them, since quantities of goods stolen from various homes where they had been employed were found in their possession.

The father came to this city Sunday morning and consulted with Miss Robinson. He stated that the girls had left home in September. He offered to pay for any articles that had not been returned and this he was permitted to do. Inasmuch as no charges had been filed, the father was permitted to take the girls home with him.

Before allowing the girls to leave, Miss Robinson got in touch with Judge Hoffman of Cincinnati. Any punishment that may be given the girls will come from the Hamilton County Juvenile courts, due to the fact that the girls are wards of Hamilton county.

FUNERAL AND BURIAL MR. WILLIAM BRADY

Friends of Mr. Wm. Brady, who was an esteemed resident of this city for fifteen years, will be interested in the following excerpt from the Georgetown (O.) News-Democrat:

"The body of Mr. William Brady reached Georgetown yesterday and was taken to the home of Mrs. Eva Williamson on State St., where brief services were conducted prior to interment in Confidence Cemetery. Mr. Brady had passed away at the family home at Akron, O., his death being due to leakage of the heart. He was in his 74th year and is survived by his wife and one son.

The Brady family removed from this section some twenty years ago. They resided south of Georgetown, and to people of this section were well and favorably known. Mr. Brady is well remembered by many and the family have the sympathy of their friends here in their bereavement."

WIFE CHARGES THAT HUSBAND HURLED A STOVE LID AT HER

Harley Carey, of Elm Street, was arraigned on charges of assault and battery preferred against him by his wife, in Mayor Dahl's court Monday morning and was bound over to the grand jury in the sum of \$300. He was returned to the county jail.

Carey was arrested Saturday night at his home, following an altercation with his wife in which she charged he threw a stove lid at her. Witnesses bore out her assertion.

This is Carey's second brush with the law since his return from overseas service recently. Not long ago he was hauled into court on complaint of a farmer who employed him that he had stolen tools and articles of clothing.

THIRD STRAIGHT TAKEN OVER BY WASHINGTON HI

Freshman Teams Treated Rough By The Upper Classmen In Preliminary Games.

Washington High School won the third consecutive victory of the basketball season on the high school gym floor Saturday evening when Chillicothe succumbed to the attack of the Blue and White squad by the score of 22 to 12. It was the first appearance of a Chillicothe team on the local floor for three years.

Only by the hardest kind of playing were the Washington Men able to hang on to the long end of the score and the game was won by the locals with a burst of speed in the last few minutes of play that put them out of danger.

Washington High took the lead and rolled up six points before Chillicothe got a marker with a free throw. Geiger and Rief made two field goals each in the first half and Wilson got one. Dunkle did all the scoring for Chillicothe in the first session and made four points, two fouls and a field goal. Dunkle was acting captain for his squad, the regular captain, Hummell being on the sidelines because of an injury in a game on Friday night when Greenfield won over the Ross county lads 26 to 24. Score at the end of the half was 11 to 4.

Washington High opened with defensive work in the second period and both teams were scoreless for the first three minutes. Then Chillicothe seemed to take new life and by some clever work gave Moorehead's men a scare by making the count 12 to 14 with the locals but on basket to the good.

Amid deafening cheers the Washington boys put the crimp on their opponents and piled in the baskets until the score stood 20 to 12. Chillicothe never scored again. Two much credit cannot be given to Washington's guards, Lawrence Laughlin and Tommy Rogers. They were all over their men and a yard wide. Wilson was extremely steady even when Chillicothe threatened and put up a snappy game. Geiger got a couple of baskets and out of five trials turned in four fouls.

Captain Rief shot baskets in hard luck but nevertheless was the highest scorer on the floor and made ten of his teams 22 points. His guard work was noticeable also.

Just as Timmer Hamilton raise the gun to announce the game over Rief shot the basket that made the score 22, the same numbers that had made Greenfield a loser to the locals in the first game of the season.

Throughout the game both teams showed the best of sportsmanship. Dunkle was the leader for the visitors.

GIRLS GAME

In a preliminary game the Varsity girls squad had little trouble in defeating the Freshman girls by a score of five to nothing. The Freshman girls worked hard but were outplayed by the seasoned material that made up the Varsity. Maxine Kibbler at forward for the Varsity scored four of

her teams five points with a couple of field goals. Thelma Marchant made the free throw.

Line-ups—Varsity, Maxine Kibbler and Thelma Marchant; centers Bernadine Norris and Pauline Taylor; guards, Dorothy Dick and Florence Bliss.

Freshman—Forwards, Anna Lee McFadden and Florence Schadel; centers, Portia Brownell and Helen Karney; guards, Christine Myers and Elizabeth Brownell.

BOYS GAME

Freshman boys were treated in the same manner by the Junior boys that the Varsity girls had treated the Freshman girls and were not allowed a point. The Juniors won 10 to 0.

Lineups:

PLEASING CONCERT BY BELL RINGERS

Few musical concerts have struck a more responsive note in their audiences than the concert given Saturday evening at Grace Methodist Church by the Swiss Bell Ringers. The auditorium of the church was filled with music lovers, who listened to a concert ranging from operatic compositions to popular airs.

An unique feature of the concert was that an endless number of instruments were used. Musical instruments of foreign lands and instruments that dated back to Bible times made music that was heard with more than usual interest.

Unlimited talent was displayed by Miss Josephine. On any instrument she was able to demonstrate her accomplishments and was called back time after time.

Bells of several descriptions were used by the company and their work with these was especially pleasing.

The concert was given under the auspices of the Woman's Missionary Societies of Grace M. E. church.

HUNDREDS IN HUNT AT WILLIAMSPORT

Two thousand men, women, boys and girls, bagged three foxes Friday in a hunt that terminated on the McKee farm near Williamsport.

Different groups of hunters starting from Clarksburg, New Holland, Waterloo, and several other points hunted in a circle until the game was in a spot but a few feet square. Several foxes got away before the circle tightened.

Hunters brought their lunch and stayed all day. The hides of the animals were auctioned off time after time. All money goes to the new Baptist Church which will be built in Williamsport to replace the one destroyed by fire.

Game Warden Frank Hard and Constable J. C. Thompson attended from this city.

SCORES OF BOYS HEAR REV. SWORD

More than one hundred boys assembled at the Y. M. C. A. Sunday afternoon to hear Rev. F. A. Sword deliver a special talk "About Boys." Each Sunday afternoon the boys of the Juvenile Department of the Association meet with some speaker.

Admission cards for the free movies were given out. Movies will be shown Wednesday evening at 6:45.

PUBLIC WARNED TO BEWARE OF A FLU EPIDEMIC

Health Officer Byron Urges People To Use Every Precaution Against Receiving Or Spreading Contagion.

Doctors Working Overtime On Many Cases, But Hopeful That Dangerous Epidemic May Not Develop.

With doctors of the city answering calls all day Sunday and Monday, it has become apparent that an epidemic of colds, lagrippe and some form of influenza has settled upon the community.

Health Officer Byron stated Monday afternoon that there were a hundred or more cases of disease in the city of the influenza order and is inclined to regard the condition as serious, urging that the people take every precaution to guard against its inception and spread.

Doctors interviewed, while urging caution, do not profess to be alarmed at the situation, stating that the majority of the cases are of a type of lagrippe, while mild cases of influenza have become noticeable.

The influenza cases, they say, are hardly comparable with the malignant form prevalent last year and before and are not threatening.

USED LICENSE NUMBER ON WRONG MACHINE

Lester Lemmin faced Mayor Dahl Sunday afternoon and drew a fine of \$25 and costs for using a wrong license number on his Ford automobile. The fine was suspended by the Mayor and Lemmin released on paying the costs.

Lemmin stated that he had formerly owned a Buick automobile, which he sold, buying a Ford to which he transferred the Buick license plate.

LARGE AUDIENCE HEARS EVANGELIST

One of the largest audiences in the history of the congregation was present Sunday evening at the Church of Christ. Not only was the main auditorium filled, but the Sunday School rooms were crowded with people who came to hear the message of the evangelist.

After an inspiring song service led by Evangelist Sword and the singing of "The Wayside Cross" by a quartette composed of Messrs. Chas. Snider, Prof. J. A. Harbaugh, G. E. Miller and Clifford Irvin, Mr. Sword preached on the theme "The New Testament Church."

There will be a baptismal service at the beginning of the meeting Monday evening. The subject announced is "Shall We Know Each Other In Heaven."

BANK ROBBERS IN NEW ROLE

(By Associated Press.)

Cologne, Jan. 11.—Bank robbers have been operating in parts of Germany recently under the pretext that they were collecting money for the Allies for damages caused by the German army during the war.

Pinkham's Vegetable
Compound.

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound. I was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."—Mrs. KATHERINE KURZACKER, 1086 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

es published in the German newspapers, a man in the uniform of a Belgian captain and accompanied by five guards and six Belgian soldiers, entered the bank of Probst and Company in Aachen a few days ago, saying he was seeking stolen money. The man showed papers purporting to have been stamped by the Belgian Minister of Justice and insisted upon making a search of the bank's vaults "to determine whether the institution held any coin stolen in Belgium in 1915."

The man dismissed the entire force of clerks and then directed the owner Probst, to open the vaults. Afterward the man locked Probst in his private office and helped himself to about 370,000 marks and 75,000 Belgian francs.

Probst, reported the affair to the authorities. The robber was arrested and the money recovered.

**: FAYETTE FARM :
: BUREAU NOTES :**

(By L. H. Goddard, Sec'y.)

The State Farm Bureau
Meeting.

While in session at Columbus the past week the State Farm Bureau found the legislature more completely upset than ever by the taxation problem. The members of both houses seemed to be milling round and round like a bunch of cattle on the southwest plains. Every now and then the Mexican raiders (politicians) seemed about to stampede the whole bunch across the border from what the people want done, but thus far success has not attended their efforts.

The State Farm Bureau in co-operation with the State Grange is doing all in its power to calm the bunch and make them realize that the people really meant what their votes indicated when they voted last November. When one or two men come in from each county and tell the members from their counties that it was all a mistake and then a day or so later a few more men do the same and so on the members in their excitable condition get the feeling that it was all a mistake and that the people did not know what they voted.

They forget how many voters there are in the county and how small a percentage of them have been in to see them.

In resolutions adopted Wednesday, and placed on the desk of each member inside of two hours, the Farm Bureau called attention to the election and its meaning and promised that if it was forgotten the effort would be made to elect a legislature that would not be so forgetful.

In these resolutions the Farm Bureau recognized the stress in which

the cities and some of the schools found themselves and agreed to the temporary suspension of the Smith one percent law where a majority of the voters voted to do so. Other than this they stood firm for the Smith law and insisted that permanent relief should come from the enactment of an income tax law and of laws to force out intangibles.

At this meeting the State Farm Bureau ratified the proposed constitution of the American Farm Bureau Federation, making the fourteenth state that has done so. Ohio hoped to be one of the first eleven that were necessary to make the federation a reality but three others beat them under the wire in the last few days. Others will be in as soon as they have their annual meetings.

Temporary President Howard of the American Farm Bureau stated in an address at the meeting that they were already working hard on the marketing problem, that men were now in Canada studying the work of the Canadian Grain Growers' Association, which as described in "Farm Bureau Notes" in this paper, takes wheat from the farmer's wagon to the consumer across the ocean.

TO AVOID THE "FLU"

First Of All, Make Sure Your Blood
is Red and Rich—in Fighting Trim

SAFETY IN VIGOROUS BLOOD

If You're Listless and Depressed
Don't Delay a Minute—Get
a Good Tonic

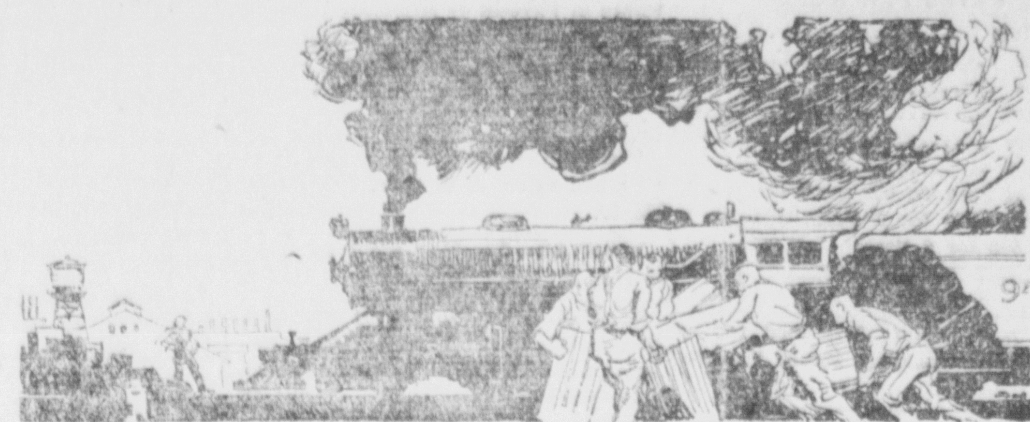

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepito-Mangan has become famous as a builder of rich-vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realize your poor physical condition too late. Physicians have been recommending Pepito-Mangan for years, in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years' success. Take no chances with a rundown condition. Get Pepito-Mangan today. It is good health insurance.

Pepito-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepito-Mangan—"Gude's" The full name should be on the package. —Adv.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

**MORAL FOUNDATION
OF SOUTH AMERICA
SHAKY SAYS TAYLOR**

(By Associated Press.)

Pittsburg, February 2.—Reconstruction of the moral foundation in South America is necessary if business men of the United States are to successfully trade with countries of that continent, declared Dr. S. Earl Taylor of New York, at the session of the Laymen's National Conference.

Pioneers who went to South America, he said, went "for gold and not for God," and as a result there is a lack of moral foundation which makes large trading such as would be necessary to big business impossible.

Educational institutions supported by the missionary boards of the churches were offered by Dr. Taylor as the most vital factor in overcoming the moral delinquencies.

EXPLAINS CIVIL SERVICE EXAM. FOR POSTMASTER

The Daily Herald:

I have received the following communication from the United States Civil Service Commission under the signature of the president with leave to print:

"Articles appearing in the press recently refer to examination for positions of presidential Postmaster paying more than \$2400 per year, which the Federal Civil Service Commission is required to hold, under authority of the Executive order of March 31, 1917. These articles contain a statement substantially to the effect that the examination has been so framed as to permit the postmaster general to place one of his confidential agents 'behind the scenes' in every examination, presumably to make sure as to the political affiliations and activities of the candidates, and in order to have his recommendations count for four times as much as the actual examination in determining the rate of the candidates.

The facts are, a publicly and widely announced, that the examination for presidential postmaster with compensation above \$2400 per annum consists of the subjects: (1) education with a relative weight of 20, and (2) business training and experience with a relative weight of 80. The rating on the subject of education is determined from information furnished under oath by the applicant, and upon corroborative information obtained as a result of careful inquiry by the commission. The rating on the other subject, namely, business training and experience is determined solely by the character and extent of the business training and experience of the applicant as shown first by his sworn statements in answer to the following questions:

State fully and in detail all the practical experience you have had in the profession, occupation or business in which you seek employment, or in the professions or occupations of a similar character. State (a) when, giving dates, (b) where, and (c) by whom you were employed; (d) the salary or compensation received, (e) the specific nature of your duties in each case. (The answers to this question should be accurate and complete). If there are any branches of a profession or occupation in which you regard your self as especially expert, state what branches.

And secondly, by careful personal investigation of each applicant by representatives of the Civil Service Commission, one of whom is selected by the Commission from the Post Office Department, such representatives to make report of their investigation direct to the Commission. The investigators are instructed that the investigation and report are to cover two purposes; namely, first, full inquiry as to each candidate's suitability for the office by reason of his character and personal characteristics, this part of the inquiry to be non-competitive and not considered in the rating of the candidate, but if he is found unsuitable by the Commission as a result of such inquiry, he, of course, is not declared eligible; the second purpose of the investigation is the same care-

ful inquiry from person best qualified to know the business qualification, ability, and experience of each candidate, the report of such inquiry to be confined to the findings of facts and to be part of the evidence and record upon which the Commission rates the candidate. It may be added that no one participate in the ratings of the candidates upon all evidence obtained from the various foregoing sources other than examiners in the commission's office at Washington on its own force and pay roll, who are trained and experienced in such work, in the weighing of evidence, and in assigning relative ratings as the result of such

evidence. No new procedure is injected into this examination."

Respectfully,
HOWARD C. ALLEN,
Local Secretary.

The United State Civil Service Commission.
